

Harrison Pointe

June 22, 2011

To Whom It May Concern:

Harrison Pointe/Harrison Landing has contracted with B.I.T. Technology since April 2010. During the past year Sasa created our company server, multiple computers, set up our two sites and has provided ongoing technical support. He is very knowledgeable and is more than willing to work with myself and my staff. If there is a problem he does whatever needs to be done to fix it and is prompt in his response. He is willing to come in at any time almost seven days a week to do updates and adjustments to our system and provide support.

I highly recommend B.I.T. Technology to any company. We have been happy with the services and support. If you have any further questions please feel free to contact me at 604-530-1101 ext. 6012 or email me at corbett@harrisonlanding.com.

Sincerely,

Mary-Anne Clarke
Manager
