

Regarding B.I.T. Technology Inc.

Many years ago I was introduced to this company by my son, singer Michael Bubl , and since that time my whole family & I have used B.I.T. Technology Inc. exclusively for our personal & business needs. We continue to recommend B.I.T. to family, friends & business associates – and they in turn have done the same thing -- which speaks volumes for B.I.T.'s quality of work, care for clients, and top notch service, products & support.

Regards,

Lewis Bubl 
