B.I.T. Technology Inc.
103 - 5660 176A Street
Surrey, BC V3S 4H1

Sasa Lukic,

Thank you Sasa for the great hardware support you have given us. With the changes and growth Able Irrigation has recently been through, you have found a solution at every turn. We needed a server, a new desktop unit and peripherals for the others. Then, all the trucks needed laptop units, and printers. You worked tirelessly to make sure everything was functioning. Along the way, we had you bring in other items. You found us a source for truck mounts /desks. We're very pleased.

We are now looking forward to the B.I.T. Technology installation of our security surveillance system.

It would be my pleasure to recommend you to anyone looking for hardware solutions.

Please feel free to pass this letter on to future clients looking for someone they can depend and rely on.

Sincerely,
ABLE IRRIGATION LTD.

Colleen MacKinnon
Office manager/co-owner
